DO US THE FAVOR. Please keep this list for reference, or if of no use to you, kindly give it to some paper money or coin-collecting friend and you will do them and us a favor.

ANOTHER FAVOR PLEASE. We will much appreciate the addresses and names of any one you know to be interested in coins or paper money.

READ CAREFULLY. Please write all orders plainly and give full name and address each time no matter how often you write. When possible, please send an additional list a little more than your remittance, as we are sometimes out of certain items; or, if you prefer, you may order the balance, if any, placed to your credit to apply on future orders.

APPRAISING DEPARTMENT. Should you have any coins or postage stamps that you want valued or classified, we will do the same for 5 cents per coin or 20 cents per 100 stamps. Cost of carriage, extra.

WHY YOU SHOULD COLLECT COINS. The possibilities of coin collecting are very great, and are only limited by time and opportunity. The field of numismatics is world-wide and extends over thousands of years. What countries and series to collect is a question that each one must decide for himself. The coins of ancient Greece are struck in a style of art and beauty that has never been equaled since. Ancient Rome commemorated some of her most famous victories on her coinage. The U. S. series appeals to all collectors more or less on account of the patriotism which every true American possesses.

Portraits and designs on coins are always made by the very best artist that money can obtain. A collection of coins is of great value in the study of history and in many other educational ways.

Be persevering, observant and you can pick up many desirable coins at low prices. Collect to satisfy your desire to gain and hold, and your natural curiosity. Many spare moments can be utilized that would otherwise be wasted. Your coin collection will always be increasing in value if judiciously made.

PLEASE NOTE. Dealing in coins is not a pastime with us, but a matter of business, to which we devote all our time. Our store is centrally located, and our customers are invited to call and see us when in St. Louis. Our facilities for getting coins, etc. are good, our stock is large and our prices are low. Please give us your trade.
